

TRUSSCORE™

PVC Interlocking Liner Panel

“Ideal Replacement for Conventional Wall Systems”

TRUSSCORE™ PVC Interlocking Liner Panels are ideal wherever you need a smooth finish that is easy-to-clean, low maintenance, hygienic and/or abuse resistant. Perfect for wall or ceiling applications, TRUSSCORE'S unique inner web design provides industry-leading spanning capability and rigidity as well as a high strength to weight ratio.

The panel's corrosion resistant surface is durable and highly resistant to scratches, moisture, and most chemicals. TRUSSCORE panels are light in weight, easy to work with, and require no special training or tools to install. The tongue-and-groove interlocking system makes both vertical and horizontal installation quick and easy.

Made from 100% virgin PVC, TRUSSCORE panels are safe to work with using normal construction practices and the waste material is recyclable. Designed for the most demanding applications, TRUSSCORE PVC interlocking liner panels meet and/or exceed modern hygienic construction and statutory building codes.

Key Advantages Include:

- Lightweight, easy to install interlocking design
- Hidden fasteners provide smooth finish
- Pre-punched nailing flange
- Bright white clean appearance
- Inner truss design for rigidity and strength
- Resistant to moisture and most chemicals
- Virtually maintenance free - Just wipe clean
- Class A fire rating, non-flammable
- Supports attic insulation loads

AVAILABLE TRUSSCORE™ PVC PROFILES

TRUSSCORE™ PVC Profiles are available to make your installation effortless and improve the look of finished interior walls and ceilings.

Chemical Resistance of PVC Products differs significantly from the mechanism of corrosion of metals. Chemical attack on PVC sheet, where it occurs, consists generally of absorption of the chemical by the PVC sheet and its subsequent swelling.

For a complete list of chemicals and corrosive media, please contact us. It is important to note that PVC sheets are generally not recommended for use with acetone, ketones, ethers, and aromatic and chlorinated hydrocarbons.

TRUSSCORE™ PVC Interlocking Liner Panels come with a **Limited Life Time Warranty**. Warrants to the direct purchaser of TRUSSCORE™ PVC Wall and Ceiling Liner that the TRUSSCORE™ will be free from manufacturing defects including peeling, flaking, blistering, and corroding when subject to normal and proper use.
