ELITE
CLADDING™

LIMITED LIFETIME WARRANTY

Vision Profile Extrusions Limited (Vision), subject to the conditions and limitations listed herein, warrants ELITE Cladding™ Premium Composite PVC Siding (ELITE Cladding™) to be free from manufacturing defects in material and workmanship if installed according to applicable specifications, subject to the terms and conditions of this warranty. When used for its intended purpose, when subject to normal and proper use, and when properly installed and maintained, ELITE Cladding™ will resist damage caused by termite attacks, and will not rot or delaminate. Vision's most recently published installation instructions are available on the ELITE Cladding™ website (www.elitecladding.com). ELITE Cladding™ is further warranted against excessive color change, peeling, flaking, cracking, rusting, blistering, and corroding, as set forth herein.

REMEDIES UNDER THIS WARRANTY

Should any manufacturing defects occur during the lifetime of the original purchaser (the "Homeowner(s)"), and as long as the Homeowner(s) is still living and retains ownership of the property, Vision will, at its option, repair or replace ELITE Cladding™ determined by Vision to be defective. Provided, however, that in lieu of repair or replacement, Vision reserves the right to refund to the Homeowner(s) the portion of the original cost for the defective ELITE Cladding™ plus the cost associated with the initial installation of the defective ELITE Cladding™. The Homeowner(s) must comply with Vision's warranty claim procedures, including providing all required documentation and permitting inspection of the damaged item.

WHO IS COVERED, AND FOR HOW LONG

ORIGINAL HOMEOWNER: The lifetime coverage in this warranty covers ELITE Cladding™ installed by the individual homeowner(s) on a single-family home. The lifetime coverage offered by this warranty automatically ceases upon the sale of the property or the death of the last of the original homeowner(s) still owning the property.

SUBSEQUENT HOMEOWNERS: Upon change in ownership of the property from the original homeowner(s), this warranty may be transferred to the new owner(s) ("Subsequent Transferee(s)") as a fifty (50) year prorated warranty from the date of the original documented installation; provided that Vision Profile Extrusions Limited is notified in writing by the Subsequent Transferee(s) within forty-five (45) days of the real estate title transfer.

COMMERCIAL: Siding purchased by or installed upon property owned by corporations, governmental agencies, partnerships, trusts, religious organizations, schools, condominiums, or cooperative housing arrangements, or installed on apartment buildings or any other type of building or premises not used by individual homeowners as their single-family residence, will be warranted for a period of fifty (50) years from the date of the original documented installation, per the prorated schedule contained in this warranty, and is not transferable under the terms and conditions of this warranty.

LIMITED LIFETIME WARRANTY

LIMITATIONS AND EXCLUSIONS

Vision Profile Extrusions Limited shall not be liable for, and this warranty does not apply to, any failure, defects, or damages resulting from or connected with misuse; damage caused or created by animals; neglect or improper storage; improper installation, or installation or use not in adherence to normal industry standards; impact of foreign objects; fire, hurricane, lightning, tornado, or other violent storm or casualty, or acts of God; defects in, failure of, or damage to the substrata wall on which the product was applied caused by movement, distortion, cracking, improper manufacture, or settling of such wall or the foundation of the building; exposure to harmful chemicals, airborne stains, mold, mildew, or pollutants; failure of the homeowner(s) to provide normal maintenance to the products (see "normal routine maintenance" below); distortion or warping due to internal, external, or unusual heat sources, including without limitation, reflection from windows, doors, or other objects, barbecue grills, fire pits, and fireplaces; heat buildup caused by inadequate roof ventilation; and any other cause not involving inherent manufacturing defects in the material supplied by Vision. Vision reserves the right to discontinue or modify any of its products, including the color of ELITE Cladding™, without notice to the homeowner(s) and shall not be liable to the homeowner(s) as a result of such discontinuance or modification, nor shall Vision be liable in the event the replacement material varies in color, gloss, or surface finish in comparison to the original product. RESULT OF NORMAL WEATHERING. IN THE EVENT THAT A PRODUCT OR COLOR IS DISCONTINUED AND AN EQUIVALENT REPLACEMENT IS NOT AVAILABLE, Vision WILL REMUNERATE THE CONSUMER FOR THE PRO-RATED VALUE (SET FORTH BELOW) FOR THE DEFECTIVE MATERIAL FOR WHICH A WARRANTY CLAIM HAS BEEN ISSUED. THIS WARRANTY DOES NOT APPLY TO THE SALE OR INSTALLATION OF Elite Cladding™ OCCURRING OR THAT HAVE OCCURRED OUTSIDE THE CONTINENTAL UNITED STATES OF AMERICA, ALASKA, HAWAII, or CANADA, regardless of product purchase location, this warranty does not apply to ELITE Cladding™ which has been painted, varnished, refinished, or similarly coated over Vision's original finish. ELITE Cladding™ is not warranted against discoloration caused by air pollution, acid rain, oxidation, or exposure to harmful chemicals. Except as expressly provided herein, ELITE Cladding™ is not warranted against normal weathering resulting from the elements. Normal weathering is defined as the damaging effects of sunlight and extremes of sunlight, weather, and atmosphere that may cause any colored surface to chalk, fade, or become soiled or stained over time. It is normal for weathered products to have slight shade differences between portions of the product panel exposed to sunlight and any area of the product that is protected from the sun. This is considered normal weathering and is not indicative of a defect in the product. The degree to which normal weathering occurs depends on air quality, the building's location, and other territorial conditions over which Vision has no control. Vision shall have sole discretion to determine whether any ELITE Cladding™ has weathered beyond the scope of normal weathering and will base that conclusion on a measurement by a recognized, industry-approved color measurement device to determine the amount of color change.

LIMITED LIFETIME WARRANTY

WARRANTY TRANSFER TO SUBSEQUENT OWNER(S)

Upon change in ownership, this warranty may be transferred to the new owner(s) ("Subsequent Transferee(s)") as a fifty (50) year prorated warranty; provided that Vision is notified in writing by the Subsequent Transferee(s) within 45 days of the real estate title transfer. The color protection of this warranty is transferable, prorated up to 10 years from the original date of installation.

Notification must be mailed to:

Vision Profile Extrusions Limited
Elite Cladding™ Warranty Claims Support
300 Zenway Blvd, Woodbridge, Ontario Canada L4H 4M7
Toll Free: 1-833-666-2389

The prorated Warranty coverage is in accordance with the following schedule:

Owner	Max. Replacement Percentage	Years After Installation
ORIGINAL HOMEOWNER	100%	LIFETIME
Subsequent Transferee(s)	100%	0-5
	80%	6-10
	50%	11-15
	30%	16-20
	10%	21-50

Notes:

Maximum replacement value is the percentage of the original cost for materials and installation for the defective ELITE Cladding™ Premium Composite PVC Siding that Vision will cover under this warranty (in materials and labor, or reimbursement, at Vision's discretion).

SUBMITTING A WARRANTY CLAIM

If the product exhibits what the homeowner(s) or subsequent transferee(s) believes to be a manufacturing defect covered under the terms of this warranty, the homeowner(s)/subsequent transferee(s) must notify Vision in writing promptly following the discovery of the defect, and shall submit with such notification a full description of the claimed defect, along with the homeowner's/subsequent transferee's name, address, telephone number, date of installation, and a copy of this warranty. Such notification must be made within sixty (60) days of the date that the claimed defect is first discovered, or reasonably could have been discovered. Vision will reply to written notifications within a reasonable period of time following receipt of such notifications, and reserves the right to require that additional information and/or evidence of the claimed defect be provided by the homeowner(s)/subsequent transferee(s) upon request. Failure to timely supply all requested information shall result in denial of the claim. Further, Vision reserves the right to inspect the products claimed to be defective within a reasonable period of time subsequent to receipt of the written notification. Homeowner(s)/subsequent transferee(s) agree to grant Vision reasonable access to the property to inspect the defective products. If Vision is not permitted to access the property within thirty (30) days of contacting the homeowner(s)/subsequent transferee(s), the claim shall be denied and the warranty shall be voided.

LIMITED LIFETIME WARRANTY

COLOR PROTECTION ON ELITE CLADDING™ PREMIUM COMPOSITE PVC SIDING

Vision will, at its sole option, repair or replace ELITE Cladding™ that has changed color in excess of four (4) Hunter Lab units, as measured by a recognized, industry-approved color measurement device; provided, however, in lieu of repair or replacement, Vision reserves the right to refund the prorated amount paid by the homeowner(s) for the defective ELITE Cladding™, plus the portion of the original cost to the homeowner(s) for installation of the defective product. If the original costs cannot be documented by the homeowner(s), Vision shall have sole discretion to determine the amount of refund, if any. In case of repair or replacement of ELITE Cladding™ covered under this warranty, Vision shall be responsible for the cost of the pre-approved labor and materials.

WARRANTY AND LIMITATION OF REMEDIES

CARE AND MAINTENANCE

Washing: Use a long-handled car washing brush that attaches to your hose, available at auto supply stores. This allows you to clean the siding similarly to how you wash your car.

Removing Stubborn Dirt: For tough dirt like soot and grime in industrial areas, clean the siding with a mixture of:

- 1/3 cup mild detergent
- 1 gallon of water

ELITE CLADDING™ MAINTENANCE AND FIRE SAFETY GUIDELINES

ELITE Cladding™ is designed to require minimal upkeep over many years. However, it is essential for builders and suppliers to store, handle, and install ELITE Cladding™ carefully to prevent damage to both the product and the structure.

FIRE SAFETY PRECAUTIONS:

ELITE Cladding™ contains organic materials that can melt or burn when exposed to significant heat or flames. Building owners, occupants, and maintenance personnel should keep fire sources, such as barbecues, and combustible materials, like dry leaves, mulch, and trash, away from the siding. If exposed to high heat or flames, ELITE Cladding™ may soften, sag, melt, or burn, potentially exposing the underlying materials.

UNDERLAYMENT CONSIDERATIONS:

Select underlayment materials with caution, as many are made from combustible organic materials. Verify the fire properties of underlayment materials before installation.

COMPLIANCE:

Ensure that all installations of ELITE Cladding™ adhere to local, state, and federal building codes and fire regulations.
