

EZ LINER® PVC Interlocking Panels

Ideal Replacement for Conventional Walls & Ceilings

EZ Liner® Interlocking Panels are ideal wherever you need a smooth finish that is easy-to-clean, low maintenance, hygienic and/or abuse resistant. Perfect for lining interior walls and/or ceilings, owners of agricultural structures, light industrial buildings, cannabis facilities, and vehicle wash bays regularly choose EZ Liner® PVC interlocking panel.

The EZ Liner® panel surface is highly resistant to moisture, mold, corrosion, and most chemicals. Light in weight and easy to work with, EZ Liner® panels require no special training or tools to install. The panel's tongue and groove design makes both vertical and horizontal installation quick and easy. The EZ Liner® all-weather interlocking system allows for panel expansion and contraction due to temperature change for an always seamless appearance!

Manufactured from 100% virgin PVC material, EZ Liner® PVC panels are safe to work with using normal construction practices and the waste material is recyclable. Designed for the most demanding applications, EZ Liner® PVC interlocking liner panels meet and/or exceed modern hygienic construction and statutory building codes.

KEY ADVANTAGES:

- Quick & Easy Installation - Install Savings
- EZ Liner® Trim System - Easy to Install
- All-Weather Interlocking System
- Pre-Slotted Nailing Flange
- Hidden Fasteners Provide Smooth Finish
- Designed for Rigidity & Strength
- Resistant to Moisture & Most Chemicals
- Easy Maintenance - Basic Power Washing
- Class A Smoke & Flame Spread
