Industrial Traffic Doors

The Thorp industrial door is the toughest traffic door in the industry. It is known for its ruggedness, ease of maintenance, and long service life.

- This versatile door is capable of filling the needs of a wide variety of applications. From the daily rigors of forklift traffic, to refrigerated applications, to USDA, and washdown applications.
- The strength of the Thorp industrial is due to its rotationally molded polyethylene construction. The corrosion resistant panel is ideal for washdown applications as it has no gaps or joint seams.
- Also available as Single or Double with optional Heavy-Duty Door Bumpers.

APPLICATIONS

Supermarket • Industrial • Pharmaceutical • Food Processing
 Institutional • Postal • Chemical • Cleanrooms • Cold Storage
 Prisons/Correctional • Water/ Wastewater • Warehouse Distribution
